Dear Ricky

SAFEHIRE CERTIFICATION NO. 01261 – 1 AUGUST 2017 to 31 AUGUST 2020

Thank you for the time afforded to our Assessor – Brian Jones - during his visit to conduct the desk top audit and site audit(s) to check compliance to the SafeHire Standard for certification application.

I am pleased to inform you that 727 Toolhire Ltd has been recommended for SafeHire Certification based on compliance with the scheme criteria as set out in HAE / EHA's *Hire and Rental Business Management and Service Quality Specification*.

Copies of the Assessment Report(s) have been emailed to you and I acknowledge receipt of the corrective action plan that has addressed the non-conformance items, all of which have been approved by HAE's Assessor.

The new SafeHire Certificate is enclosed and valid for 3 years, subject to maintaining compliance on an annual basis. Certificate dates may have been adjusted to align with your membership renewal.

Don't forget all SafeHire Certified companies become HireTrain members by default giving access to funded training and other business benefits – including a 10% discount from the liability section of the rates/premiums on HAE Insurance policies. Please refer to the enclosed for more information.

May I take this opportunity to congratulate 727 Toolhire Ltd in achieving SafeHire Certification which demonstrates your commitment to a high standard of hire operations within the organisation.

Yours sincerely

Gill Bridger
SafeHire Scheme Manager
